The board voted to move forward in splitting the Squirt players into 2 teams. Aaron will wait to order Squirt trophies until we get closer to the tournament date. Mites Tournament coming up in January. Volunteers will be needed.

Ace Coordinator Report:

Most coaches have started their modules. A couple need to still get certified. Boone trying to arrange another clinic before the end of December.

Apparel was sold last week. We are selling apparel at the Aurora Drug store and also whatever is left in the cabinet at the arena. Apparel that was ordered should be in by Christmas.

A waiver request was presented to the board to waiver a mite level child over to Eveleth for the convenience of the parent. The waiver was denied. We will not approve waiver requests to move any player to another association if our association offers the level of play the child is in.
